Item Name	: PIG® Dri Loose Absorbent in Spill Pouch
Liquids Absorbed	: Oil, Coolants, Solvents & Water
Contents/Package	: 12 bags/box
Colour	: Grey
Dimensions	: n/a
Composition	: 47% post-consumer recycled cellulose 53% Kaolin
Absorbency	: 1,4 L per pouch/ 17 L per box
Weight	: 17.7 Kg

Description

- Rigid, resealable pouch packed with PIG Dri Loose Absorbent is perfect for small spills; reduces waste from using too much absorbent when using larger bags of loose
- Allows for quick, more precise dispensing with less dust; no scooping or shoveling needed
- Easy-to-handle pouch helps reduce injuries from lifting heavy bags of loose
- Compact, saves space and fits easily inside spill kits, workbenches and vehicle compartments
- Each pouch holds approximately 1,35 kg of PIG Dri Loose and absorbs up to 1,4 litres
- 47% recycled content is a byproduct of the paper-making process, ideal when green products are desired or required

Warnings & Restrictions : Hydrofluoric Acid Notice: Not for use with hydrofluoric acid

Recycled Content : 47% Post-Consumer Recycled Cellulose Waste
